

Sesoris Local SEO Yogyakarta Evidence

Card: Local SEO Yogyakarta - Manfaatkan Asal Brand untuk Keyword Lokal

Status: Review - only manual GBP/owner verification remains

Generated: 2026-05-25T13:58:57

Evidence summary

- Live pages contain Yogyakarta references and return 200.
- Contact page has Store schema and the app layout has global Organization/Store local business schema with Yogyakarta address context.
- Production pages verified with no console/page errors.
- Remaining item is GBP/local profile owner verification or manual publish/confirmation, which requires account/business-owner access outside available automation.

Checks

URL	Result
/	200, Yogyakarta present, no console errors
/shop	200, Yogyakarta present, no console errors
